NORTHERN NEVADA
ASIS INTERNATIONAL
CHAPTER #164

"There are no language barriers when you are smiling." ~ Allen Klein

Chairman's Corner

"BE PREPARED!!! I believe that is the Boy Scout motto if I remember correctly. It was something we were taught from the very beginning when I joined that great organization. I tried to still in on my children and I think they learned, but unfortunately I did not follow my own advice and therefore when the

unexpected happened, I was not properly prepared and the outcome was unfavorable. It is very important to all of us in both our personal and professional life to take the time to put together an emergency kit that will assist you in case of a disaster, and then put together an emergency plan for

(Continued on page 2)

Chapter Chairman
Chris Brockway, CPP

CHAPTER MEETINGS

Held the first Wednesday each month at the Atlantis Hotel Resort. starting at 11:30 am and includes lunch. Cost is \$20. Guests are encouraged

The next meeting will be : Announced Soon

Securitas Security Services USA is a fully licensed and insured private security company lead by a senior management team with more than 60 combined years of experience in law enforcement and private security. In Northern Nevada services provided are: Armed & Unarmed Security, as well as Patrol Services which include Lock-Up & Alarm Response. We are specialists at Industrial & Mfg. Properties, Home Owner Associations, Construction Sites & Special Events.

(Continued from page 1)

your home. Once you have one, practice, practice and practice some more. Why? It could save your life.

My theme song for the year is Willie Nelson's "On the Road Again", as I am leaving to return to Chicago to work at the country's largest medical show as member of a large security management team. Each event is a learning experience, because we provide the client with direction for making the event safe for the attendees and employees. We begin by being prepared by coordinating with the local and state emergency responders to ensure that there is open communication and we all use the same procedures and common language in case of an emergency. We receive available information regarding any possible threat from local or international groups and put together contingency plans in case of a perceived or actual threat to the event or the venue. In doing approximately fifteen to twenty large events a year at different

convention centers around the country, our security organization does not have the luxury of getting complacent. I believe this holds true for each one of you professionals in your workplace or workplaces depending on your scope of duties.

You need to make sure that you ALWAYS coordinate with the local emergency responders, to review your Emergency Response Plans, and hold drills to make sure that are viable and will work in different scenarios. This reduces your stress when something bad happens as you will know what to do and how to do it.

I hope you will plan on attending this next meeting and as a reminder there will be no July or August meetings. I want to leave you with one thought, "BE PREPARED, something bad happens every day"

Thank you and be safe,
Chris D. Brockway, MPA CPP
Chapter Chair

Guest Speaker and Member Profile- Mark Crosby

April's speaker was our very own Mark D. Crosby, CPP. Mark has been with the Northern Nevada Chapter #164 since 2005 and is an accomplished speaker and trainer for the , but has many, many other achievements as well.

Mark provided chapter members with valuable CPP information vital for existing CPPs and those seeking the certification. Mark has taken it upon himself to provide this type of training several times a year to the chapter to assist the chapter by providing interactive presentations of the pertinent materials

Although he is only 36 years old, currently Mark D. Crosby, CPP. He has his Bachelors in Criminal Justice from University of Nevada, Reno. And is the Infrastructure Security Manager for NV NV Energy. Mark has been in the position since 2007, and is responsible for the protection of all NV Energy assets and employees in the northern service territory. He is a subject matter expert and compliance lead for the personnel surety and physical

security components of North American Electric Reliability Corporation (NERC) Critical Infrastructure Protection (CIP) compliance, a series of federal regulations intended to increase cyber security of the nations bulk electric system .

Mark has helped NV Energy implement and maintain a

sound physical security compliance program for new and changing federal regulations including the Department of Homeland Security Chemical Facility Anti-Terrorism Standard (CFATS).

Mark is also responsible for the detection, investigation and recovery of losses associated with theft of service from NV Energy. Mark is board certified as a Certified Protection Professional. The CPP certification is internationally recognized as the highest designation for a security professional.

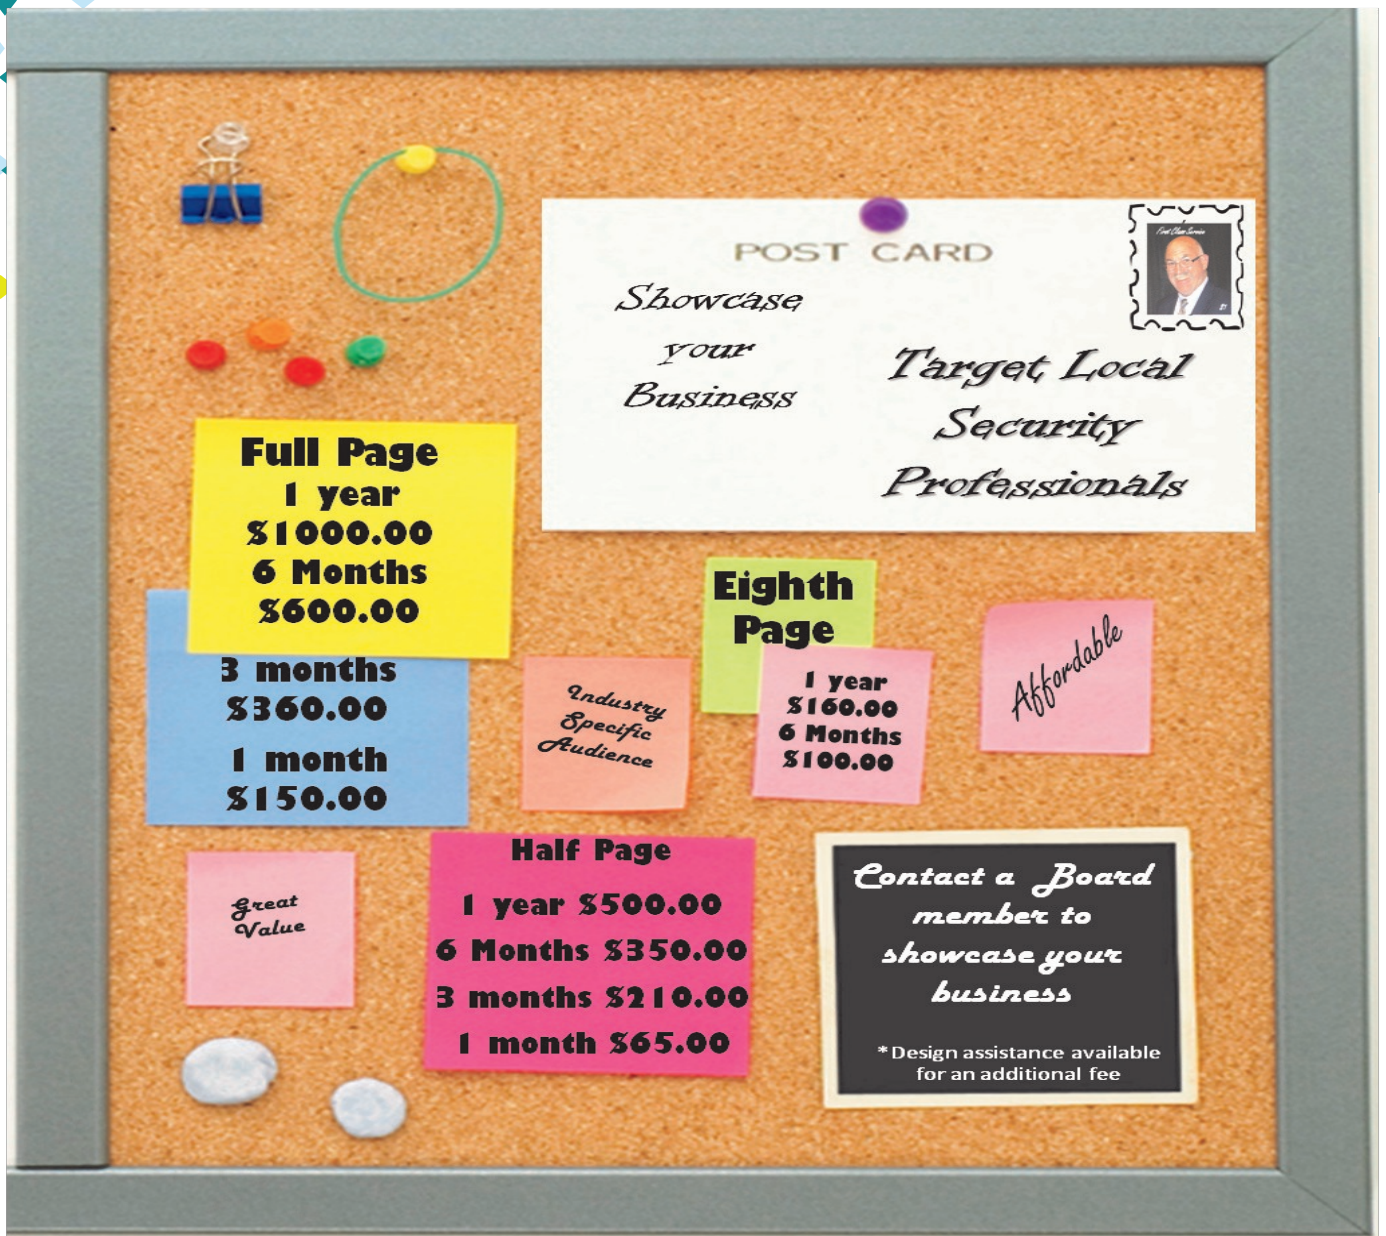

Mark serves as the Emergency Response Team Leader for emergency incidents affecting the company and community
Mr. Crosby is an active member and the

Coincidence? You be the judge...

past president of the company's northern Emergency Medical Response Team, a volunteer group of employees trained to respond to internal medical emergencies and to provide care for employees, tenants, and visitors until a higher medical authority arrives. Mark is a primary liaison to federal, state, and local law enforcement agencies and emergency first responders.

In addition to his professional life, Mark is very active in his community and some of his civic accomplishments include Former Chapter Chairman and current

Chris went to the Doctor complaining that his wife could barely hear. The Doctor suggested a test to find out the extent of the problem. "Stand far behind her and ask her a question, and then slowly move up and see how far away you are when she first responds." Chris excited to finally be working on a solution for the problem, runs home and sees his wife preparing supper. "Honey" Chris asks standing around 20 feet away "what's for supper?" After receiving no response he tried it again 15 feet away, and again no response. Then again at 10 feet away and again no response. Finally he was 5 feet away "Honey what's for supper?"

Dennis was fast asleep in his bed at 3:00 am when he heard an urgent knocking at the door. Rubbing the sleep out of his eyes he made his way to the door. "Can you give me a push", asked the man at the door." Dennis looked at the man, thinking he looked a bit drunk, slammed the door in his face and went back to bed. "Shame on you", said his wife, when hearing the story. "You remember on our vacation how our car got stuck in the middle of the night and that man helped us, go out there and push his car." So Dennis trudges back out of bed, opens the door, and calls out "Ok I'm here to give you a push, where are you?" I'm over here in the back" came the voice "on the swing."

Membership Chairman for ASIS International Northern Nevada Chapter currently serving on ASIS International's Utilities Security Council as a Committee Chairman. Additionally he is currently a member of the Northern Nevada Security Directors Association, the Northern Nevada Chapter of Infragard, and the International Utilities Revenue Protection Association, Mr. Crosby was the recipient of the Stephen R. Wood Distinguished Service Award in 2010.

Mark was awarded the Warrior ship Award in 2007 by his peers for his outstanding commitment to diversity in the workplace at NV Energy.

Mark was instrumental, with fellow member Jay Martin, in securing and organizing the ASIS International Foundation's annual Roy Bordes Award for the Northern Nevada Chapter in 2011. The Bordes Award provides funds efforts in

support of hosting high end training opportunities for security professionals, and provided a wonderful training opportunity with dynamic speakers for the local chapter and area attendees.

Mark lives with his wife lovely wife Leah and beautiful daughters Zoe and Lorelei who provide him with the most fulfilling role of his very busy life.

Although not confirmed officially, many have pointed out the fact that Superman and Mark have never been seen in the same place, at the same time. Coincidence? You be the judge

Floating Guard

A guard narrated to his supervisor, Brian, a very weird experience he had the previous night. He said he found himself floating in the air and just happening in his post from his vantage post in the feeling was great. The guard got a citation from "sleeping on post."

observing everything the ceiling. He said the Brian the following day for

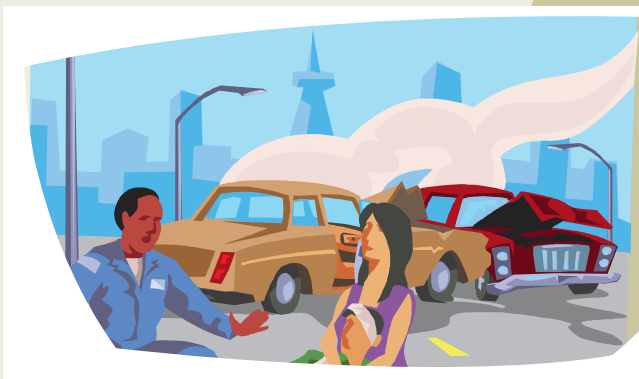

Reduction of fatal accidents

One was a single vehicle accident
One involved a bicyclist vs. vehicle
One was vehicle vs. another vehicle
One involved a subject being
ran over by the car they
jumped out of while in
motion

The Reno Police Department has seen a reduction of fatal accident from 2011 to 2012. The Traffic Division investigated a total of seventeen fatalities for the year of 2011. From January - March of 2011, the Reno Police Department investigated six fatal accidents. So far for 2012 the Traffic Division has only investigated two fatalities.

This brings the total of fatal traffic accident investigations for the Reno Police Department from January 2011 to present to nineteen. Of those nineteen investigations ten involved alcohol or drugs in either the driver or victims

system.

The type of fatal traffic accidents investigated from 2011 to now include:

Twelve were pedestrian involved accidents

Three were motorcycle involved accidents

Over the past year the Reno Police Department has participated in several enforcement and educational campaigns throughout the city. Under the Joining Forces grant they include: distracted driving, motorcycle laws, DUI enforcement, speed enforcement. These Joining Forces operations resulted in 411 citations and 142 warnings given to citizen for 2012 alone.

Utilizing funding awarded under the Office of Traffic Safety grant we have conducted two pedestrian operations resulting in 124 citations issued. We have also conducted a pedestrian crossing safety awareness class for students at Brown Elementary School.

The Reno Police Department is requesting your assistance in keeping our numbers reduced for fatality accidents. Remember to use designated and marked crosswalks. Look both ways before crossing a roadway. Drivers need to continually evaluate their surroundings for persons or vehicles that may create a traffic hazard. Do not text and drive. Utilize a designated driver. Everyone is responsible for paying attention when utilizing the roadways. Together we can make a difference.

Lieutenant Amy Newman, Traffic

*“Everyone is responsible for
paying attention when
utilizing the roadways”*

Chapter 164 Member Profiles

Your fellow ASIS members would like to know more about you. Please tell us a little about yourself for inclusion in the monthly newsletter. We would like a photo or two - such as a professional bust shot and a more relaxed "action" shot of a personal or professional interest. Educational and certification history, Past and current professional experiences, Brief synapses of your personal life and interests. It should be a half page to a page and a half, kind of a short bio about what makes you different and interesting both personally and professionally, but also showcasing any special talents you or your business may have that you want to share with other members. This is your turn to showcase yourself. We look forward to hearing from you!
